Laravel 12, Eloquent ORM, Blade
HTML, CSS, JavaScript (ES6+), jQuery
Tailwind, Bootstrap 5
WordPress, WooCommerce, Shopify
RESTful APIs & JSON

TOOLS

Git/GitHub, XAMPP, VS Code
Linux/command-line basics (Git Bash, WSL2)
MS Office (Excel, PowerPoint, Word, Outlook, Teams)

SOFT SKILLS

Data accuracy & attention to detail
Fluent English communication
Fast, independent learner
Reliable, self-directed (5 yrs remote)

CERTIFICATIONS

Certified Professional Data Analyst (CPDA) — ExcelHelpline Analytics, Aug 2026
Data Analytics Level 2, MySQL Workshop — ExcelHelpline, Jul 2026 (16 hrs)
Data Analytics Level 1, Excel & Power BI — ExcelHelpline, Jun 2026 (24 hrs)

MAYJHON V. GABUNADA

Full Stack Web Developer | Data Analyst

PROFILE

Detail-driven Full Stack Web Developer and Data Analyst with hands-on training in Laravel, WordPress/WooCommerce, Shopify, SQL/MySQL, Power BI, and Python. Brings five years of disciplined, U.S.-facing Data Encoder experience — sustained accuracy, independent remote work, and comfort adapting to new tools and requirements. Certified Professional Data Analyst (CPDA) seeking an entry-level opportunity to apply web development and data analysis skills while continuing to grow professionally.

RELEVANT PROJECTS

- **DPWH Flood Control Dashboard** (*Chart.js, KPI Cards, Data Visualization*): Built a single-file analytics dashboard with cross-page filters, a Gantt-style project timeline, and KPI cards — surfacing patterns in public infrastructure data for quick, decision-ready reporting.
- **Product Inventory Database** (*MySQL*): Designed and implemented a relational database for inventory tracking, including query optimization and schema expansion for reporting needs.
- **Python Fundamentals Practice** (*Python*): Completed extensive data-scripting and debugging exercises, building comfort working with data programmatically.
- **Laravel Admin Dashboard — Capstone** (*Laravel, Eloquent, Blade, Tailwind CSS, JavaScript/jQuery, RESTful routes*): Built a full-stack admin dashboard with role-based data access, reusable components, and AJAX-driven live search — direct experience organizing and surfacing data for end users through RESTful API-style controller endpoints.
- **Frostline Boards — Shopify Store Build** (*Shopify, Liquid, E-Commerce*): Built and customized a full Shopify storefront using the Horizon theme — custom branding, an About page, a customized flagship product with real photography, and a branded product collection.
- **WordPress & WooCommerce Store Setup** (*WordPress, WooCommerce, Theme Customization*): Built a local WordPress site from scratch — configured the Astra theme, published content through the Block Editor, and set up a working WooCommerce store with live product listings and pricing.

WORK EXPERIENCE

Data Encoder (Work from Home) | *Health Care Solutions Team* 2020 – 2023

- Encoded and organized U.S.-based client records over a 4-year period in a remote, work-from-home setup — independently managing data accuracy without direct supervision.
- Maintained consistent accuracy and reliability while working to strict data-quality standards across sustained U.S. client work.
- Handled high-volume data entry with strong attention to detail, a core requirement for spotting data anomalies and inconsistencies.

Data Encoder | *Callvation* 2017 – 2019

- Encoded and processed client records accurately in a fast-paced, target-driven environment.
- Maintained data quality and consistency across high-volume entry work.
- Developed strong discipline and time-management skills relevant to managing multiple client reporting needs.

EDUCATION & TRAINING

Full Stack Data Analyst Training | *ExcelHelpline.ph* 2026 (3-month program)

- Completed an intensive 3-month training program covering data analysis, SQL/MySQL, and Python programming.

Full Stack Web Developer & Full Stack Data Analytics | *CIIT College, Cebu*

- Coursework in front-end, back-end, JavaScript/jQuery, RESTful APIs, and Laravel fundamentals.

Bachelor of Science in Industrial Engineering | *CIT University* 2012 – 2016

- Trained in structured, analytical problem-solving.
